ACETYLENE LIGHT & AGENCY CO., LTD.
J. B. SEARLE, Treasurer.

The above advertisement is misleading in view of the fact that I am a large stockholder as well as a director of the Acetylene Light & Agency Co., Ltd. It is true, however, in our respect, I have resigned as manager, for the reason that my ideas as to how the business should be conducted were not in accord with the views of the controlling interest. I don't like their methods and they don't like my management, so I quit. "Verbum sap."

To those who are familiar with my methods of conducting business I desire to announce that I have established myself at 757 Beretania street, telephone 2770, where I shall attend to the sale and installation of Solar water heaters, which have given universal satisfaction. I shall also give my personal attention to the ready-made house business. I shall also handle other lines of interest to the public, notice of which will be given from time to time. Particular attention is called at this time to the demonstrations which will be given of recent developments in gas appliances. I shall always be glad to see my customers at my office or will call in person in response to telephone request.

Always at your service.
